Why CareBook2Go?

Schools consume and have access to more personal information than most industries in Australia and New Zealand.

In managing a large volume of sensitive data, schools face the following challenges…

Ensuring data is *fit for purpose,* and that the level of *detail is adequate.*

Ensuring that the data is *appropriately maintained.*

Ensuring that the data is *stored safely,* and *data integrity is retained.*

Ensuring the data is structured in such a way that it is *meaningful and useful.*

Ensuring access to information is only given to *people who need it.*

Ensuring the *owner* of this information has *access to easily view and update it.*

What is CareBook2Go?

Ensures information owners, parents and families, are responsible for managing and updating their data

Provides a structured record and processes to ensure data quality is achieved and maintained.

Efficient workflow for the management, collection, and processing of critical parent and student data.

Protects students, staff, and the school brand.

Enhanced record management and archiving.

Maintains data quality on an ongoing basis.

What defines data quality?

Accessible

Relevant

Interpretable & Understandable

Auditable

Data Quality

Timely & Current

Accurate & Complete

Foundations of Data Quality

Attributes	Characteristics
Interpretability & Understandability	Data fields are clearly defined and easily understood.
Timely & Current	Data is regularly updated, providing the most up-to-date information
Relevancy	Appropriate data is collected to ensure student care
Accessibility	Data is easily and readily available.
Accuracy & Completeness	Data fields are clearly defined and require input.
Auditability	The ability to review historical changes to the data and track changes.

CareBook2Go Data Attributes

Interpretable

Information is presented in a clear, colour coded way.

Accessible

All relevant student information is provided in a single view. Information is always available.

Relevant

Information presented is relevant to the activity being undertaken (swimming, catering, medical conditions, etc.).

Accurate and Complete

Access to all relevant information, with the confidence that the necessary information has been provided.

Timely and Current

All information can be updated at any time by its owner.

Solutions Tailored for Schools

School Problems	2Go carebook	CareBook2Go
Paper process resulting in inefficient, expensive and insecure data collection		Digital process ensuring fast, secure, and effective data collection.
Medical information becomes inaccurate over time		Frequent updates ensuring Medical information remains accurate.
Transcription errors due to human entry.		Minimal text fields removing the need for human data entry.
Data provides inadequate detail to effectively guide decision making		System provides the most accurate, complete, and actionable data.
Changing parent contact information causing communication errors.		Ensures school has access to the most up-to-date parent contact information.
Confusion around complex family structures, including court orders.		System accounts for complex family structures.

Data Categories

CareBook2Go captures a comprehensive range of data categories.

The categories ensure that all information required from parents can be captured and maintained through the system.

Our Vision

Our vision is to ensure that all schools have access to the best quality data available for their community.

We believe that families and parents should have ownership over their data and be able to easily update and provide this information to schools as required.

In doing so, we believe that schools are better positioned to protect lives, brands and reputations.
